

Hop like a bunny to find your
first egg where you lay your
head at night

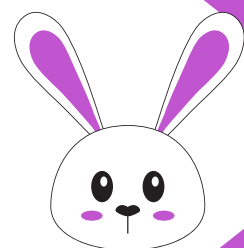

Look high and low, your next
egg's hiding where you keep your
favourite toys

In the kitchen, where your meals
are made, your egg is hiding
where the dishes are kept

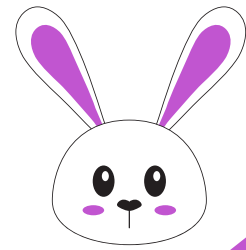

To find your next treat, you'll need
to search where you find a comfy
place to sit and chat

Time for another clue, you'll find
your next egg where you keep
your money

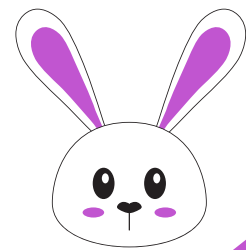

Your next egg is hiding where
your clothes hang out

Look near the TV, where you watch
your favourite shows, your next egg
is hiding where the remote has been

Almost done, do you wash with
soap? You'll find your next egg
where you get nice and clean

Last clue, hooray, you're almost
there, find your final egg where
you brush your hair

Well Done!
Happy Easter!
